- Uses responsive web design
- Deployed to GH pages
- Repo: <https://github.com/cdunahee36/budget-tracker>

Entertainment-App | <https://cdunahee36.github.io/mega/>

- Written in JavaScript
- Integrated API
- React application
- Repo: <https://github.com/cdunahee36/mega>

EDUCATION AND TRAINING

Certified: Web Application Development

Northwestern University | | Evanston, IL | 2021

This was a course created specifically for Web Application Development. The course started with CSS and HTML5, as it progressed I learned JavaScript, Heroku and MongoDB. However, the main focus towards the end of the course was React.js.
